SNACKS

One of the best things about traveling is being able to try new foods. Be open to expanding your taste buds! You may want to pack the snacks you love to ensure you are always happy and full!

While our food providers can work with dietary restrictions, options may be limited. Plan accordingly.

Snack Suggestion:

Trail mix, fruit snacks, granola and/or protein bars, peanut butter, nutella, crackers, dehydrated fruit, mini cereal boxes and electrolyte substitutes/flavoring to add to your water.

DRESS CODE

We don't have a drop-dead clothing regulation—across all of our trips, we want to make sure Builders are comfortable doing all activities they will participate in and that we are being respectful of the people and cultures that we are interacting with.

On the worksite, we ask that Builders wear long pants and short to long sleeve shirts for safety purposes. Extra clothing coverage is great for protection while on the worksite.

Our biggest thing with swimsuits is we do a lot of active stuff, so just make sure Builders pick a suit they are comfortable running, swimming and doing water activities in.
