FLIGHTS EXPO

**ALMOST HEAVEN, WEST VIRGINIA**

**CMH (John Glenn Columbus Airport) Columbus,**  
(Your Builders do sightseeing weekend closer to this airport than where their project location is)

**RIO GRANDE, TEXAS**

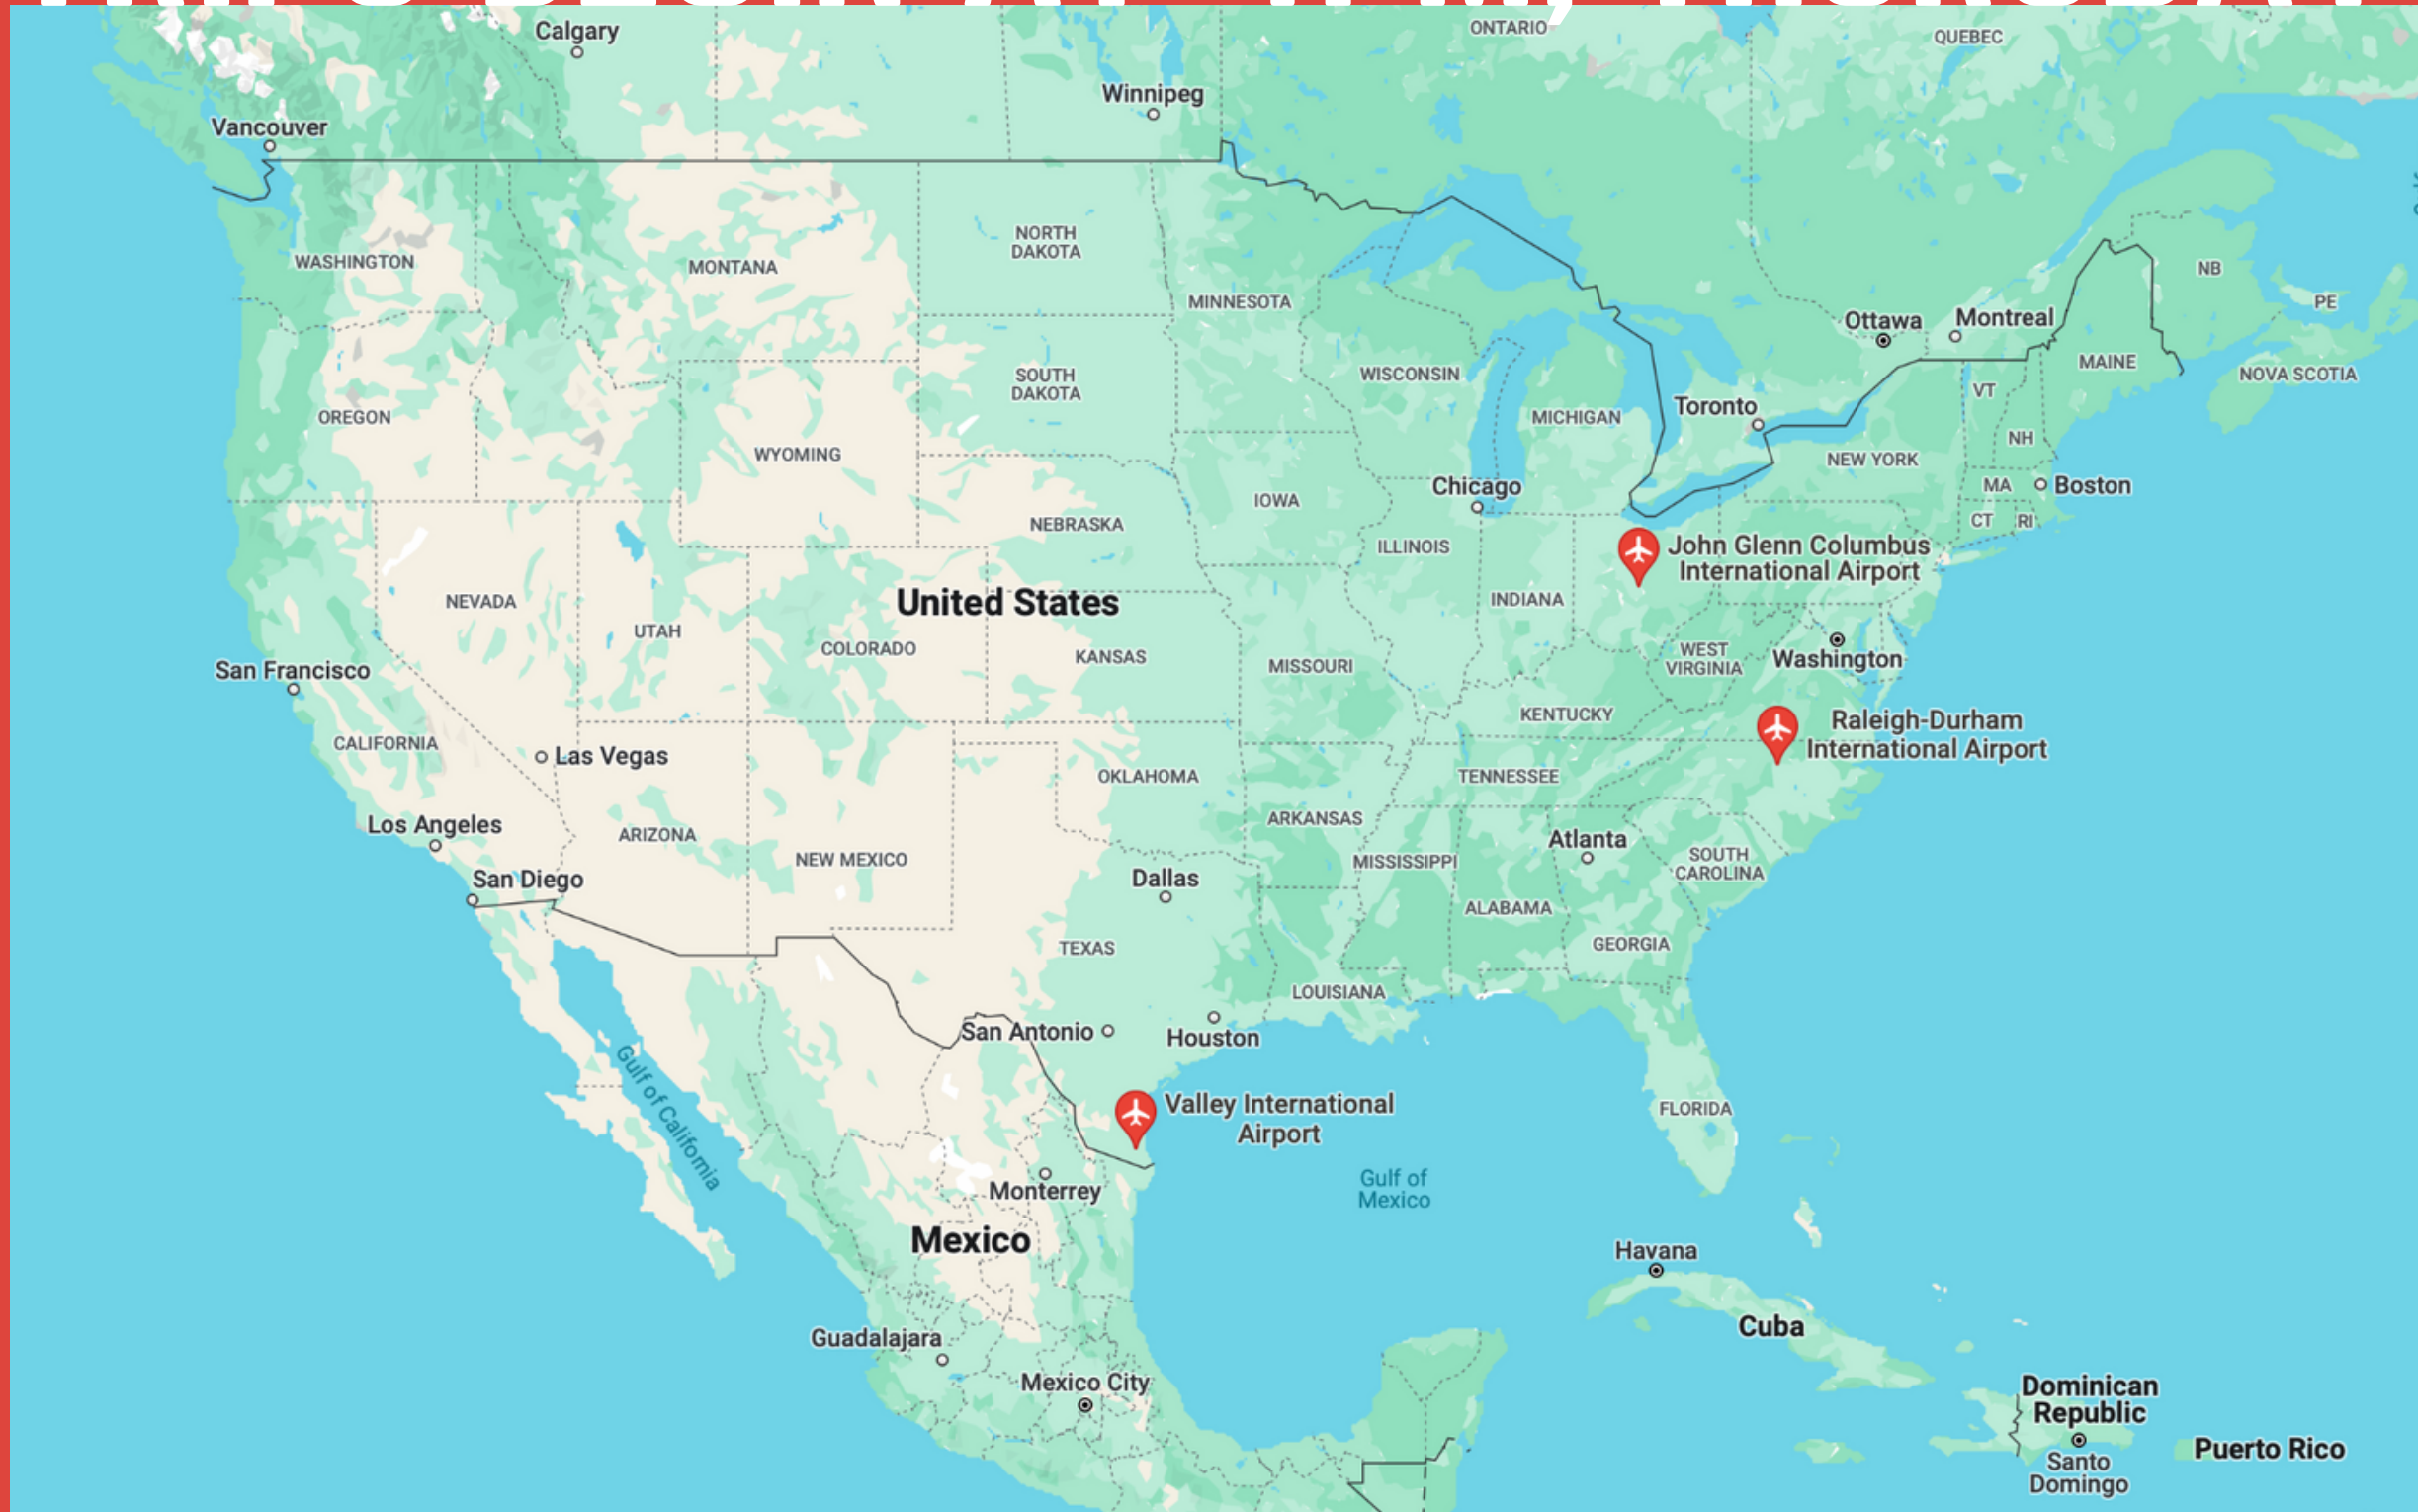

**HRL (Valley International Airport) Harlingen, Texas**

**OBX (OUTER BANKS)**

**RDU (Raleigh-Durham Airport) Raleigh, North Carolina**

# TRIPS BEGIN AT 4PM, THURSDAY LOCAL TIME

— Your Builder's Trip Leader will arrive to the airport at the earliest arrival possible from their home airport, ready to meet your Builders

— TL flight information will be viewable on your Builder's portal once Flights Team have purchased tickets

— Once everyone arrives, the group is picked up by pre-arranged transportation and the sightseeing fun begins!

— Builders and TLs finish their trip at the same airport, at 2pm the following Saturday.

# SUGGESTIONS FOR DOMESTIC BUILDERS

- **Make sure their cell phone is charged before they leave, and that they pack a charger with them (just in case)**
- **Even though they have constant access to communicating with their TLs in their GroupMe chats, save their TLs number in their phone anyway, so they can call them directly if they have questions when they land (Their TL will be waiting for them there already)**
- **Unaccompanied minor services can quickly become expensive. As an alternative, request special assistance when booking a flight instead, or have your Builder talk to the flight attendants when they get on the plane, and the gate agents when they land if they are nervous (They're trained to help you!)**

# FLIGHT PROBLEM RESOLUTION

— **HXP on-call staff are available 24/7 in the summer months to help answer any questions you may have about travel, and your Builder's trip**

— **HXP is not responsible for domestic flight bookings. If your builder experiences any delays or issues with their booking, please liaise with the airline you booked with, and communicate any potential delays that will affect your Builder meeting their group in time**
